

## 8100 PROCEDURE 504

### Law Enforcement Communications

(January 2010)

[\(See Policy 9467 - Law Enforcement Radio Communications\)](#)

#### Responsibilities and Action

##### Any CC

Use the following radio codes with CAL FIRE law enforcement personnel as appropriate.

These codes are for Law Enforcement/CC use only. Employees shall not reveal these codes to anyone else. Any requests must be from legitimate requestors. Once the information is gathered, the files must not be released to the public, and any copies generated must be stamped "Law Enforcement Use Only - Do Not Copy" or the copies must be destroyed with a paper shredder.

The incident may be logged in current dispatch system of record, documenting all communications throughout the incident.

CODE	MEANS	ACTION
10-15	Subject in custody.	Record time, mileage, and location in dispatch system of record.
10-24	Special assignment requires constant monitoring.	Monitor until cancelled. Cancelled only by "10-22 10-24" by requestor or supervisor.
10-26	Special assignment requires contact every four minutes, Unless other time interval specified.	<p>Record contact information in dispatch system of record. If no contact is made at the appointed time, continue attempting contact for 2 minutes or 1/5th of the contact interval, whichever is longer. If still no contact, dispatch assistance to location.</p> <p>10-26 can only be cancelled by "10-22 10-26" by requestor or supervisor.</p> <p><b>CAUTION:</b> Failure of the officer to make contact or receipt of incorrect cancellation is assumed to indicate person requesting 10-26 is in trouble but unable to say so. Person or persons causing the trouble can be assumed to be able to hear radios in CAL FIRE vehicle. Therefore, DO NOT use any radio net that can be heard in that CAL FIRE vehicle to summon or direct "help."</p> <p>Contact nearest law enforcement agency and request "11-99" Officer Needs Help.</p>

10-27	Request driver's license information.	Obtain and log appropriate information in dispatch system of record.
10-28	Request vehicle registration information.	Obtain and log appropriate information in dispatch system of record.
10-29	Check for Wants.	Obtain and log appropriate information in dispatch system of record.  If there are NO wants for the subject, notify requestor: "No Wants, repeat No Wants."  If there ARE Wants for the subject, notify the requestor: "No Wants, 10-29 F Frank" for felony Wants, or "No Wants, 10-29 M Mary" for misdemeanor Wants.
10-83	Officer clear to copy?  "Are you clear and safe to copy confidential or questionable information about your subject?"	If response is "Affirmative 10-83," provide information.  If response is "Negative 10-83". DO NOT provide information.  If response is "10-84 10-83," dispatch armed peace officers for backup, and log request. (This is not an 11-99; see 10-84)
10-84	Send armed peace officers for back up; not an emergency situation yet.	Dispatch armed peace officer(s) immediately for backup, and log request in dispatch system of record.
11-27	Driver's license information - driver detained.	Log request in dispatch system of record, obtain and log appropriate information.
11-28	Rush vehicle registration information - driver detained.	Log request in dispatch system of record, obtain and log appropriate information.
11-29	Rush wanted check - subject detained.	Log request in dispatch system of record, obtain and log appropriate information.
11-99	Officer needs help.	Dispatch nearest law enforcement personnel, and log request.  Cancelled only by "10-22 11-99" from requestor or supervisor.
